

Daily NCSBOE Ballot Statistics for Absentee and Early Voting

The NCSBOE numbers are from the link below and were recorded around early afternoon each day. Some of the numbers are from the previous day because the NCSBOE has not yet updated them. One-stop counts are more timely. Updates of absentee counts depend on when the various county BOEs report their counts (e.g., weekly for Wake County). See the NCSBOE home page for the times of their latest recorded numbers.

NCSBOE home page ==>> <https://www.ncsbe.gov/>

It is unknown why the reported "Absentee Requested" number went down on 10/30/20. There is no clear explanation on the NCSBOE web page.

NCSBOE stopped posting new requests for Absentee ballots since that deadline has passed.

NOTE: These numbers are *just for absentee and early voting*. They do NOT include Election Day polling site voters (about another 12.5%).
