

Curbside Parking

- 1) Enter the voting enclosure when permitted by the **Door Monitor**.
- 2) Follow the diagram's green arrows to your Registration Table (RT) waiting line, as directed by the **Line Monitor** and the RT pole signs, which show ranges for the first letter of your last name.
- 3) Wait in your line until you are called over by a **Registration Table Official**.
- 4) At the Registration Table, after a pollbook lookup and photo ID check, you will get, review, and sign an ATV. It is then initialed by the RT Official.
- 5) Go to the Ballot Table and trade your ATV for an appropriate ballot from a **Ballot Table Official**.
- 6) Go to an available booth in the voting booth area, as directed by a **Voting Booth Official**. Maybe walk around the bend to find a free booth.

- 7) Carefully mark your ballot (both sides if needed) per the instructions on it.
- 8) Follow the diagram's arrows (maybe around a bend) to the DS200 Tabulator.
- 9) Cast your ballot in the Tabulator. **WAIT** to see if it was accepted. If an error is detected, be assisted by the **Tabulator Monitor**.
- 10) Get your *"I Voted"* sticker from the Tabulator Monitor and then exit.

If an exceptional condition is encountered somewhere along the path, the voter may be sent to the Help Table to be assisted by a **Help Table Official**.

A voter who is physically unable to enter the Voting Enclosure can vote from their car and is assisted by a **Curbside Official**.
